

OUTSTANDING AWARDS FOR OUR CARMENERE CA1 ANDES 2018

Our Carmenero wines are grown from unique soils, the result of exploring optimal places, aiming to express the terroir in its flavor, texture and aromas.

Our **Carmenero CA1 Andes** has been conceived to reflect the different but subtle touches of the Andes Mountains crafted with grapes from our vineyard in Los Lingues, at the foothills of the Andes Mountains in the Colchagua Valley. A place with warm days and cool nights where the tipicity of the Carmenero is well expressed.

The wine stands out for its combination of fresh and ripe red fruits, and delicate floral notes, offering big and round tannins, great structure and a soft minerality. In its 2018 vintage, Carmenero CA1 Andes has received excellent recognitions from the wine critics.
