

## TERRANOBLE GRAN RESERVA CARIGNAN FROM THE MAULE VALLEY STANDS OUT IN TASTING

**Wine Enthusiast** magazine recently highlighted the 2018 vintage of our Gran Reserva Carignan with 94 points.

Carignan, ancestral variety from the Maule Valley comes from vines planted in 1958. In its viticulture we aim at maintaining the traditions of the valley that have been passed on from generation to generation. Our purpose is to transmit the terroir and the authenticity of this variety in every bottle.

Of intense and deep red color, the wine shows outstanding aromas of red fruits, such as sour cherries, flowers, and mineral notes. It feels very crisp and refreshing on the palate, with sharp and wild tannins as well as with a very long and persistent ending.

### ORIGIN · NOBLE · DETAIL

Carignan,  
Maule Valley.
