

## WINES OF THE 2020 HARVEST IN THE MAKING

We are very happy and satisfied with this complicated 2020 vintage that, despite being warm and dry, was marked by the uncertainty of the COVID-19. A great year for reds, with very good surprises in Pinot Noir, Cabernet Sauvignon and Carmenere, where the red fruit, elegance and ripe and balanced tannins stand out.

Now, together with our team of winemakers and our consultant, we are testing the different wines that you will see in your markets in a few more years.

Please be safe!
