

TERRANOBLE CA PROJECT WINES SELECTED IN THE UNITED KINGDOM AMONG THE 8 BEST CARMENERE FROM CHILE

Patrick Schmitt of **Drinks Business**, internationally recognized wine and spirits magazine from the U.K. recently selected the 8 best Carmenera wines from Chile, awarding the highest scores to our CA1 Andes and CA2 Costa wines.

For the past 26 years since the foundation of TerraNoble in the Maule Valley, we have been thankful, proud, and committed to Carmenera. This recognition reinforces our dedication to the variety for the future to come.

Marcelo García, Winemaker and Pedro Vega, Viticulturist

CA1 ANDES 2017

A restrained nose with red and dark cherry notes, and a touch of cedar. The palate has more open character, with some soft fleshy ripe red berry fruit, with a touch of black olive, some redcurrant, cedar, and dry chalky mouthcoating tannin. Lingering, with freshness, and the intense, ripe red fruit is nicely offset by the dry grippy finish. Good, persistent, structured red.

CA2 COSTA 2017

Intense aromatics with masses of dark berry fruit, black cherry, and a hint of blackcurrant leaf. In the mouth this is smooth, with fine tannin, soft black fruit, some red cherry, a touch of blackcurrant leaf, and a bit of nettle too, giving a coolness to the taste. Then comes a lovely long fresh finish, making for a fruity but elegant wine with some cigar box taste but no sweet oak.

Impressive, restrained, still youthful, and structured.
