

## WITH RENEWED OPTIMISM WE SAY FAREWELL TO A SPECIAL YEAR

We are about to close the year 2020 and with optimism we look forward to the new year. Despite the uncertainty and difficulties we faced, the TerraNoble team did its best to continue operating normally, staying close to customers and consumers, assisting them in any way we could and sharing our good news.

#### The Wines

I would taste the flagship wine of TerraNoble, the Gran Reserva Carmenera, the 'Disidente', partly made in amphora, and the 2017 vintage of each of the 'CA' project wines. CA1 comes from inland Los Lingues at 370 metres where there is "lots of organic material in the soil and a big diurnal shift," while CA2 comes from coastal Lolot at 100 metres, with granite soils, low organic material, and less diurnal shift. It is a small
